ZSL LONDON ZOO      ZSL WHIPSHADE ZOO

## Team building with a difference

ZSL London Zoo & ZSL Whipsnade Zoo are delighted to work with **The Collingwood Group**. We recommend them as experts in the planning and execution of team building and development events taking place in our extensive and stunning grounds.

Where else could your team get this close to some of nature's most magnificent animals? Team building & development at either of our zoos really is different and great fun! Your team can either have a fun day out enjoying the Zoo's facilities or focus on real team issues such as communication, morale and leadership.

Team building at the Zoo delivers powerful messages and positive shared and lasting memories.

## Some of our activities

### Leopard

A lively and entertaining group task that energises a team, and sets the tone for the rest of the day. Leopard tests the group's speed of thought, ability to work as a team and their powers of lateral thinking.

### Jungle Drums

Jungle Drums tests the ability of the group to plan, strategise and communicate effectively. However the key to getting Jungle Drums correct is not just in strategy and planning, but also in executing a given task under extreme guidelines.

### On Safari

Following a set of cryptic clues the teams will spread out over the Zoo. Again, careful planning, strong leadership and clear effective communication will all be required to ensure success in this safari.

### King of the Jungle

An event to bring together the entire team testing artistic prowess and creativity in a group task that can only succeed if every member gives their all. King of The Jungle will also provide a permanent reminder of what can be achieved by working together.

## The Zoos

ZSL London and Whipsnade Zoos are part of ZSL, a registered charity so holding your event with us ensures that you will be contributing to our vitally important work in helping to conserve the planet's wildlife.

The ZSL Zoos provide a variety of unique environments, set in acres of gardens suitable for hosting an array of corporate and private events in a truly wild location.

You can meet the animals in our Animal Houses, dine in our Banqueting Suites and meet in our purpose built Lecture Theatre.

We to care for over 5,000 animals – some of whom you can visit during your event with us.

ZSL London Zoo is ideally located in Regent's Park in central London. ZSL Whipsnade is north of London at Dunstable in Bedfordshire.
